0534 - 500 mm
0535 - 600 mm
0536 - 800 mm

PACKING

1 box - 5 pcs.

QUALITY GUARANTEE

Type of product:

- spatulas

Material:

- 3k soft handle
- stainless, acid-resistant steel, thickness 0.5 mm
- anodized aluminum profile

Application:

- a tool for finishing and construction works

Product description:

- Rounded corners do not scratch the surface, allowing for a perfect finish.
- The ergonomic handle prevents hand strain. The use of three components (3K) ensures a secure grip during work and counteracts the slipping (SOFT) of the hand.
- The working edge is reinforced and perfectly straight thanks to embedding the spatula in an anodized aluminum profile.

MADE IN POLAND

Polish manufacturer since 1987
