catalogue no. **0789**

**CLICK  
LINE**

Kubala®

#### **DIMENSIONS**

225x98 mm

#### **PACKING**

1 box - 10 pcs.

#### **QUALITY GUARANTEE**

#### **Material:**

- **working part:** plastic
- **underlay:** polyethylene

#### **Application:**

- designed for decorative work with architectural concrete, decorative plasters, acrylic compounds, and decorative paints;
- achieving textured effects;
- suitable for working on surfaces of various sizes.

#### **Product description:**

The grass-textured plate, combined with a selected CLICK LINE handle, allows for creating decorations that resemble brush or specific structure. Depending on the applied pressure, it enables achieving either a subtle or more distinct texture. This tool is perfect for creating diverse and dynamic patterns such as circles, crescents, scratches. The Float with "GRASS" is an essential tool for executing unique and creative projects! Available exclusively in the CLICK LINE system.
